Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been on Progesterone cream
for 2 years now, this product has really
helped me. The doctor told me the cream
is much more safer than the pill. I can
not get the cream anywhere else. So, That
is why I oppose the draft M.O.U.
